STAT

3. Request for Comments on IHC/CIRS

Selected Agency components have been requested to provide their comments and concerns to Management Staff regarding the type and extent of CIA participation in the IHC Community Information Retrieval System (CIRS) Project. This request resulted from the ODP sponsored IHC/CIRS briefing of 11 January. [REDACTED]

STAT

4. Transfer of Excess SAFE Equipment to OSO

An excess Hewlett-Packard Logic Development System, recently returned from the TRW SAFE Development Center, was transferred to OSO. The system fills OSO's requirement for computer support to the in-house development of specialized microcomputer hardware and software. The system which replaces an OSO in-progress procurement had an acquisition value of \$49,740. [REDACTED]
